Hideaway® HSA 400

Tilt-Up HSA - Hideaway Surface Access Enclosure

Closed View

Shown with optional AAPs

DESCRIPTION

The Extron **Hideaway® HSA 400** is a tilt-up, architectural solution for inconspicuous computer-video interface connector access and control. The Hideaway HSA 400 enclosure is designed for easy mounting into tables, desks, or other AV furniture. The durable and reliable enclosure is very compact, which keeps installation time and effort at a minimum. Once installed, the HSA 400 fits nearly flush with the tabletop, storing the connectors out of sight. To access the connectors, users press down on the top of the enclosure. Pressing down releases a mechanical latch and the Hideaway HSA 400 slowly pivots into view, presenting the connectors at an ergonomic 49-degree angle to the tabletop.

FEATURES

- **Durable pneumatic movement and mechanical latching mechanism**
- **Compact size with rectangular bezel**
- **Top surface available in black anodized or brushed aluminum finishes**
- **AC power outlets available for US, Europe, and other major world markets**
- **Available Universal AC outlet is compatible with a variety of AC plug types***
- **UL/c-UL listed and CE compliant**

Note: *For complete compatibility information on all AC plug types, see the Universal AC Outlet Compatibility Guide, available online at www.extron.com/UACguide.

Check local electrical standards before installing.
